

calendarCroatia 2018

Following the success of the *calendarCroatia* calendar and exhibition in last year, we are inviting you to send us photographs taken in 2017 in Croatia for a British-Croatian Society Christmas card, general greetings card and for a 2018 calendar.

25 photographs will be selected to feature in the calendar. One photograph will be selected for the Christmas card and one for a general greetings card. In addition we will feature some 40 photographs in an exhibition to be held at the gallery of the Croatian Embassy in London in late November. Calendars and cards will be available for purchase at the British-Croatian Society's annual dinner on November 23 and online.

We are looking for photographs that show Croatia in all its variety, not only as a scenically beautiful place for a holiday. Photographs are invited from professionals and amateurs of any nationality, in as high a resolution as possible. People, places, abstract - all subjects and techniques are welcome. High quality photographs can be taken on a smart phone, so please tell your family and friends about *calendarCroatia 2018*.

Please send up to 4 of your photographs with the photographer's name and the title of the photographs to us at calendarcroatia@yahoo.co.uk. Let us have your photographs as soon as you can, but not later than October 20. If you have any questions, you can also contact us at this address.
